PERSONAL PROFILE

I studiend a BE/BSc at the University of Auckland, majoring in Biomedical Engineering and Computer Science. I am a focused individual who enjoys being challenged in the projects that I undertake. I am looking to obtain a role that will allow me to advance my engineering and science skills, and knowledge in a practical way.

ACADEMIC HISTORY

University of Auckland Bachelor of Engineering and Bachelor of Science: 2019- Present

- Engineering Major: Biomedical Engineering
- Science Major: Computer Science, Psychology

Avondale College: 2015 - 2017

- Excellence Endorsement NCEA Level 1
- CIE AS/A2 B+ average
- NCEA Scholarship awards: Geography and Statistics

WORK EXPERIENCE

Builder and Welder (Part time)

Spaceking | November 2020 - 2022

- Constructed low-cost housing units from start to completion
- Involved working independently alone on site and teaching other staff members how to build the units

Software Engineer

Allsite AI | October 2022 - March 2023

- Worked as Software Engineer, with an emphasis on Python and integrations with arcGIS API.
- Developed a generative AI to assist Civil Engineers

Compliance Assistant (Part time)

APM Workcare NZ | June 2018 - January 2020

- Performed client satisfaction calls to ensure work undertaken by APM Health Professionals had been carried out in a contractually compliant manner
- Required a high level of attention to detail
- Ability to analyse data and work with Excel effectively

Camp Leader

Camp Raglan | 2015 - 2019

- Involved assisting camp organisers with all aspects of their role, fostering relationships with campers, supervising campers, setting up and supervising activities and running activities

UNIVERSITY EXTRACURRICULARS

Cohort Class Representative - Biomedical Engineering University of Auckland | 2019- 2023

- In this role I am required to facilitate communication between University staff and fellow students. I attend two formal meetings per semester and am in regular contact with lecturers to discuss and help solve any queries or concerns students may have
- This role requires excellent communication skills and the ability to interact with and relate to university staff and peers

Club Captain

University of Auckland Snowsports Club | November 2020 - 2023

- Captain of a club with over 600 members. Involves planning and organising events, liaising with sponsors and ensuring club finances are maintained
- Requires a high level of time management, ability to communicate effectively, attention to detail, ability to maintain confidentiality and teamwork

President and Founder

Auckland University Surf Club | January 2020 - 2024

- Established the University surf club, a club with over 100 members
- Involves developing ideas for club development, grant applications, selecting committee members, arranging club events, advertisement, promotion and member recruitment

INTERESTS

- I enjoy snowboarding and surfing and have travelled around the country and abroad pursuing these hobbies
- I also enjoy coding and have recently created a program that sends me daily updates on where the best surf around Auckland is
- I am a keen reader and especially enjoy Sci-Fi and Economics books
